Career Objective:

To leverage my expertise in IT management, automation, and data-driven business systems to lead digital transformation initiatives that enhance operational efficiency and strategic growth. I aim to contribute to a forward-thinking organization.

Career Summary:

Experienced IT and Digital Transformation professional with 6+ years of expertise in IT management, process automation, and data-driven systems. Skilled in designing scalable software solutions, optimizing workflows, and managing multi-branch operations. Strong problem-solver with a proven ability to align technology initiatives with business goals and improve operational efficiency.

Special Qualification:

Completed NASA Space Apps Challenge in 2017 and 2018, organized Science_is_Fun 1.0 and 2.0, the largest Science Fair in Chittagong, and am skilled in database design and management. Proven ability to work in a team and solve complex problems.

Employment History:

1. IT In-Charge (1.1 yrs)

(11 November, 2024 - 30 November, 2025)

AI Maktoum Healthcare

UTTARA, DHAKA

Area of Expertise

Information technology (1 yr)

Duties/Responsibilities

Oversaw **IT** and **MIS** operations across **four** healthcare **branches**: AI Maktoum Healthcare, AI Qassimi Healthcare, The Park City Healthcare, and Lifescan Medical and Diagnostic Center, ensuring **uninterrupted system performance** and data integrity. Managed both onsite and remote system administration, conducting periodic branch visits to maintain network stability, **data security**, and operational continuity. Installed, configured, and supported Oracle-based healthcare software and **Laboratory Information Systems (LIS)** to ensure accurate clinical and administrative data flow. Designed and deployed custom software solutions, including attendance management systems and branch-specific **CRM** platforms, to streamline workflows and improve reporting efficiency. Developed automation tools and dashboards to enhance MIS reporting accuracy and support management decision-making. Planned and implemented network infrastructure and resolved hardware and software malfunctions to minimize downtime. Collaborated with cross-functional teams to identify process gaps and implement technology-driven improvements aligned with organizational objectives. Provided technical leadership, user training, and ongoing support to ensure effective utilization of IT and MIS resources across all branches.

2. IT Executive (1.2 yrs)

(01 August, 2023 - 30 September, 2024)

Checkup Diagnostic Center

AK Khan, Chittagong

Area of Expertise

Technology Division (1.1 yrs)

Duties/Responsibilities

As an IT Executive at Checkup Diagnostic Center in Chittagong, I am proud to be part of a dedicated team that plays a crucial role in ensuring the health and safety of individuals seeking to embark on journeys abroad or for immigration purposes. Our center specializes in providing comprehensive medical checkup services, facilitating seamless and successful transitions to various destinations worldwide. In my role, I am responsible for leveraging technology to enhance our services, streamline operations, and ensure the highest standards of quality and efficiency in our diagnostic processes. From implementing state-of-the-art information systems to managing the IT infrastructure, I work to ensure that our center remains at the forefront of healthcare technology. My role is not just about IT, it's about contributing to a higher purpose – enabling individuals to pursue their dreams and aspirations in different parts of the world while ensuring their health and well-being. I'm excited to be part of a team that combines cutting-edge technology with compassion for our patients.

3. Technical Specialist (2.4 yrs)

(01 April, 2022 - 31 August, 2024)

Lemonaid SEO

Virginia, USA

Area of Expertise

Web Application Developer (2.3 yrs)

4. Executive IT Officer (1.2 yrs)

(29 November 2016 - 31 January 2018)

Ananta Denim Technology Ltd (C&F)

Agrabad, Chittagong

Area of Expertise

Accounting (4 months), Asycoda World system (8 months), Microsoft Office (4 months)

Duties/Responsibilities

Worked at Ananta Group's sister concern, Ananta Denim Technology, in the C&F section (self). Used ASYCUDA World to book containers for export and import operations. Managed accounting systems, MS Office tasks, and IT operations to support daily business activities. Developed strong problem-solving skills by handling IT and workflow challenges across the department. Gained hands-on experience in accounting software, office automation, and technical troubleshooting.
